

Paderborn University is a high-performance and internationally oriented university. Within interdisciplinary teams, we undertake forward-looking research, design innovative teaching concepts and actively transfer knowledge into society. As an important research and cooperation partner, the university also shapes regional development strategies. We offer our employees in research, teaching, technology and administration a lively, family-friendly and equal opportunity environment, a lean management structure and diverse opportunities. **Join us to invent the future!**

In the **Faculty of Science** - Department of Exercise & Health, Sports Medicine - the following position is to be filled as soon as possible

Postdoctoral Researcher (f/m/d)

(Salary level 13 TV-L)

with 100% of the regular working hours. This is a qualification position within the meaning of the Wissenschaftszeitvertragsgesetz (WissZeitVG), which serves to support the scientific qualification in the post-doctoral phase in the field of "concussion". The position is initially limited to a period of 3 years (extension possible).

Field of activity:

- Analysis, interpretation, and publication of data from different collaborative projects (UEFA, NAKO, etc.) investigating sport-associated concussions as postdoctoral researcher involving clinical, mechanistic, epidemiological and neurophysiological parameters in the setting of screening, diagnosis and/or management.
- Supervision of PhDs and projects in the field of sports-associated head injuries
- Teaching responsibilities (4 SWS)

Recruitment requirements:

- Scientific university degree (Master's) and doctorate in sports medicine, sports science or related/relevant disciplines in the field of sports-associated head injuries
- Experience in the analysis & publication of data, preferably in the field of head injuries in sports
- Statistical expertise and experience in working with databases (e.g., RedCap)
- Desire to establish own research profile, laboratory and scientific qualification (habilitation) in the area of sport-associated head injuries

We offer:

- A working environment that allows the creation of a profile and setting up an own workgroup
- Interdisciplinary exchange with national and international cooperation partners
- Flexible working hours and the individual option of mobile working
- Wide range of health, counseling, and prevention services
- Attractive fringe benefits such as childcare facilities and sports activities
- Opportunities for internal and external training and development
- Additional benefits in accordance with the collective agreement of the federal states (TV-L), such as annual bonuses and capital-forming benefits as well as the VBL supplementary pension scheme

Applications from women are particularly welcome and, in case of equal qualifications and experiences, will receive preferential treatment according to state law (LGG), unless there are preponderant reasons to give preference to another applicant. Part-time employment is generally possible. Applications from disabled people with appropriate suitability are explicitly welcome. This also applies to people with equal opportunities in accordance with the German social law SGB IX.

Please send your application documents (preferably in a single pdf file) using the **Ref. No. 6852 until March 15, 2025**, to reinsberger@sportmed.upb.de.
